

FALL 2025

FRIDGE Art

Hey Kids,

I hope you all had a great summer! I had the best time going camping with my family. We had a few rainy days that were perfect for drawing. Thank you for sending in your drawings about what you were up to this summer. Camping and going to musicals topped the list! I hope you are all getting back into the routine of school and activities this fall. Do you know what else fall brings? International Credit Union Day! It's a day where credit union members around the world celebrate the credit union difference. Check out the back to learn all about International Credit Union Day. Let's all celebrate on October 16!

Your Friend,

Pee wee

Did You Know?

Federal Reserve notes are a blend of 25 percent linen and 75 percent cotton. Currency paper has tiny red and blue synthetic fibers of various lengths evenly distributed throughout the paper.

Crane and Co., a Massachusetts-based company, has been providing the U.S. Bureau of Engraving and Printing with paper for U.S. currency since 1879.

Coloring Contest!

Want to win a cool prize? What has been your favorite part of school so far this year? Tell me about it (include a drawing) and send it to me by Nov. 15. You will be entered to win a cool prize. And who knows...maybe I will even put your picture on my fridge! Mail your picture to me at: Pee Wee Penguin, c/o DakCU, 2005 N. Kavaney Dr., Ste 201, Bismarck, ND 58501. Be sure to include your first name, age, and credit union!

THE CREDIT UNION DIFFERENCE

Your credit union is a different kind of financial institution. We'll celebrate that difference this fall on International Credit Union Day, Thursday, October 16, 2025. Check with your credit union to see how they're celebrating!

Here are some key differences:

MEMBER OWNED

The credit union is owned by its members. It's like a club where everyone who joins gets a say.

COMMUNITY FOCUSED

Credit unions are a part of their local communities and want to help people succeed financially.

PEOPLE OVER PROFIT

Instead of making money for shareholders, credit unions use earnings to help their members through lower loan rates, better savings rates and lower fees.

GLOBAL IMPACT

Through the cooperative finance — people helping people — credit unions can bring people together and build a more prosperous world.

FALL MAZE

Should you take 1, 2 or 3 to get to the pumpkin? Find the answer!
