

SPRING 2024

PEE WEE® AND FRIENDS

FRIDGE Art

Hey Kids,

By the time you're reading this, we may not be thinking about snow any more; however, in the last newsletter, I asked you to tell me your favorite winter activity. I received so many answers and beautiful drawings that I could fill my fridge all year long! Many of you also love spending time with family during these colder months. I do too! Drum Roll: More than 50% of you enjoyed building a snowman, followed by sledding and snowball fights. Speaking of percentages, learn about saving, spending and sharing on the back!

Your Friend,

Pee Wee

Did You Know?

There was a lot of horsing around at the early Mint... We often rate the power of engines by "horsepower," but in the early Mint, the power came from real horses! Yes, harnessed horses were one way the machines got the energy to make coins.

Coloring Contest!

Want to win a cool prize? Tell me - are you trying to save money for something in particular? Include a picture of your answer and send it to me by May 15th. You will be entered to win a cool prize. And who knows...maybe I will even put your picture on my fridge! Mail your picture to me at: Pee Wee Penguin, c/o DakCU, 2005 N. Kavaney Dr., Ste. 201, Bismarck, ND 58501. Be sure to include your name, age, and credit union!

SAVE, SPEND, SHARE

When you earn or receive money, there are three main things you can do with it: save (set aside money for the future), spend (buy things now) and share (give money to others). I try to do some of each! Here's what my save, spend, share chart looked like at the end of last month.

Balance		\$100	\$25	\$15
Money In or Out	+ / -	Save <u>70</u> %	Spend <u>20</u> %	Share <u>10</u> %
Earned From Chores	+ \$50	+\$35	+\$10	+\$5
		Bal \$135	Bal \$35	Bal \$20
New Bike Horn	- \$10	—	- \$10	—
		Bal \$135	Bal \$25	Bal \$20
Donate	- \$20	—	—	- \$20
		Bal \$135	Bal \$25	Bal \$0

The choice is yours! Ask your parents to help you figure out the best way to save, spend and share.

CELEBRATE PENGUINS!

APRIL 25TH IS WORLD PENGUIN DAY!

World Penguin Day happens on April 25 because it marks the Adelie penguins' annual return to the sea.

OTHER PENGUIN FACTS:

- Penguins move best in the water.
- When they are on land, they move by shuffling, sliding on their bellies, and hopping.
- Penguins tuxedo coloring acts as camouflage when they're in the water.
- There are about 40 million penguins in the world.

Owen from Ontario Shores FCU sent in this penguin drawing for the fridge but I couldn't help putting it here to celebrate World Penguin Day!
