

Get Portable. GetPersonal. Get
Paperless with Highmark Online
Banking & Mobile App

Read Tony's Tips for Preventing Scams & Fraud

- 1) Never use the same password for your Highmark Online Banking that you use at other sites.
- 2) Always use two factor authentication using text codes, rather than email. Email codes are no longer considered safe for receiving login codes.
- 3) Be sure to set up login and account change alerts inside your Online Banking Mobile App or browser so you can monitor your account changes in real time. Alert types are: login from a new device, username change, email address change, mobile phone number change, password change, balance alert types, and transaction alert types.

Got Payment Protection?

Payment Protection is a voluntary loan-payment protection product that helps you get relief from the financial burden of delinquency, default, or foreclosure if a protected life event unexpectedly happens to you. And, simple eligibility requirements help ease the enrollment process. You can learn more about payment protection by [clicking here](#).
