

HOME EQUITY EARLY DISCLOSURE  
IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT PLAN

This disclosure contains important information about our Home Equity Line of Credit Plan. You should read it carefully and keep a copy for your records.

**AVAILABILITY OF TERMS:** All of the terms described below are subject to change. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you pay to us or anyone else in connection with your application.

**SECURITY INTEREST:** We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

**POSSIBLE ACTIONS:** We can terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if (1) you engage in fraud or material misrepresentation in connection with the plan; (2) you do not meet the repayment terms of this plan, or (3) your action or inaction adversely affects the collateral or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if (1) any reasons mentioned above exist; (2) the value of the dwelling securing the line declines significantly below its appraised value for purposes of the line; (3) we reasonably believe that you will not be able to meet the repayment requirements due to a material change in your financial circumstances; (4) you are in default of a material obligation of the agreement; (5) government action prevents us from imposing the annual percentage rate provided for in the agreement; (6) the priority of our security interest is adversely affected by government action to the extent that the value of the security interest is less than 120 percent of the credit line; (7) a regulatory agency has notified us that continued advances would constitute an unsafe and unsound business practice, or (8) the maximum annual percentage rate is reached.

**PLAN OPTIONS:** There are 2 home equity line of credit plans available from the credit union. They are referred to as Plan A and the PLAN B. The terms of each plan are described below.

**PLAN A - VISA ACCESS:** Upon your request and our approval, we will issue a VISA credit card to access this home equity plan.

**MINIMUM PAYMENT REQUIREMENTS -** You can obtain credit advances for 5 years. This period is called the "draw period." At our option, we may renew or extend the draw period. After the draw period ends the repayment period will begin. The length of the repayment period will be 10 years. You will be required to make monthly payments during both the draw and repayment periods. Your payment will be 1% of the outstanding balance each month, or \$25.00, whichever is greater. We will round your payment to the next highest dollar. Your payment will include any amounts past due and any amount by which you have exceeded your credit limit, and all other charges. If the interest rate increases, you will be required to make more payments until the end of the repayment period. If the interest rate increases so much that the minimum payment is not adequate to pay the accrued finance charges (negative amortization), we will increase your payment to the cover the accrued finance charges. If, after this payment

adjustment, the interest rate decreases and negative amortization is no longer a concern, you may contact the credit union to request to have your payment lowered. The minimum payment may not repay the outstanding balance by the end of the repayment period. You will then be required to make a single balloon payment at the maturity date. Unless otherwise required by applicable law, we are under no obligation to refinance the balloon payment at that time. You may be required to make payments out of other assets you own or find a lender, which may be us, willing to lend you the money. If you refinance the balloon with us, you may have to pay some or all of the closing costs.

**MINIMUM PAYMENT EXAMPLE:** If you made only the minimum monthly payment and took no other credit advances it would take 15 years to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of 3.25%. During that period, you would make 179 payments of \$27.00 to \$100.00 and a final balloon payment of \$2,657.95.

**VARIABLE RATE FEATURE:** Plan A has a variable rate feature and the annual percentage rate (corresponding to the periodic rate) and the number of payments and amount of any balloon payment may change as a result. The annual percentage rate includes only interest and no other costs.

The annual percentage rate is based on the value of an index. The index is the Prime Rate published in the Money Rates column of the Wall Street Journal. When a range of rates has been published the highest rate will be used. We will use the most recent index value available to us as of 15 days before the date of any annual percentage rate adjustment.

To determine the annual percentage rate that will apply to your account, we add a margin to the value of the Index. Ask us for the current index value, margin and annual percentage rate. After you open a plan, rate information will be provided on periodic statements that we send you.

**RATE CHANGES:** The annual percentage rate can change quarterly on the first day of the billing cycle in January, April, July and October. There is no limit on the amount by which the annual percentage rate can change during any one year period. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 18.0% or the maximum permitted by law, whichever is less. However, under no circumstances will your **ANNUAL PERCENTAGE RATE** go below 3.0% at any time during the term of the plan.

**MAXIMUM RATE AND PAYMENT EXAMPLES:** If you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18.0% would be \$152.88. This annual percentage rate could be reached at the time of the 1st payment.

**PLAN B:**

**MINIMUM PAYMENT REQUIREMENTS – STANDARD PLAN:** You can obtain credit advances for 5 years. This period is called the "draw period." At our option, we may renew or extend the draw period. After the draw period ends the repayment period will begin. The length of the repayment period will depend on the balance at the time of the last advance you obtain before the draw period ends. You will be required to make monthly

payments during both the draw and repayment periods. At the time of each credit advance a payoff period will be established. The payoff period may vary depending on the amount of your outstanding credit balance after you obtain an advance. The payoff period is shown in the following table:

Range of Balances		Payoff Period
Up To	- \$10,000.00	96 Monthly Payments
\$10,000.01	- \$20,000.00	120 Monthly Payments
\$20,000.01	- And above	180 Monthly Payments

The payoff period will always be the shorter of the payoff period for your outstanding balance or the time remaining to the maturity date. Your payment will be set to repay the balance after the advance, at the current annual percentage rate, within the payoff period. Your payment will remain the same unless you obtain another credit advance. Your payment may also change if the annual percentage rate increases or decreases. Each time the annual percentage rate changes, we will adjust your payment to repay the balance within the original payoff period. Your payment will include any amounts past due and any amount by which you have exceeded your credit limit, and all other charges.

**MINIMUM PAYMENT EXAMPLE:** If you made only the minimum monthly payment and took no other credit advances it would take 8 years to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of 4.0%. During that period, you would make 95 payments of \$121.89 and one (1) final payment of \$122.03.

**VARIABLE RATE FEATURE:** This plan has a variable rate feature and the annual percentage rate (corresponding to the periodic rate) and the minimum payment may change as a result. The annual percentage rate includes only interest and no other costs.

The annual percentage rate is based on the value of an index. The index is the Prime Rate published in the Money Rates column of the Wall Street Journal. When a range of rates has been published the highest rate will be used. We will use the most recent index value available to us as of 15 days before the date of any annual percentage rate adjustment.

To determine the annual percentage rate that will apply to your account, we add a margin to the value of the Index. If the rate is not already rounded we then round up to the next .125%.

Ask us for the current index value, margin and annual percentage rate. After you open a plan, rate information will be provided on periodic statements that we send you.

**RATE CHANGES:** The annual percentage rate can change quarterly on the first day of January, April, July and October. There is no limit on the

amount by which the annual percentage rate can change during any one year period. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 18.0% or the maximum permitted by law, whichever is less. However, under no circumstances will your **ANNUAL PERCENTAGE RATE** go below 4.0% at any time during the term of the plan.

**MAXIMUM RATE AND PAYMENT EXAMPLES:** If you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18.0% would be \$197.20. This annual percentage rate could be reached at the time of the 1st payment.

**FEES AND CHARGES:** In order to open, use and maintain this line of credit plan, you must pay the following fees to us:

Plan A: Annual Fee: \$25.00 (Due on December 15 of each year) Flood Zone Determination Fee: \$15.00 (Due at closing)

Plan B: Flood Zone Determination Fee: \$15.00 (Due at closing)

For both plans you must also pay certain fees to third parties to open the plan. These fees generally total between \$25.00 and \$2,165.00. If you ask, we will provide you with an itemization of these fees.

**PROPERTY INSURANCE:** You must carry insurance on the property that secures this plan. If the property is located in a Special Flood Hazard Area we will require you to obtain flood insurance if it is available.

**REFUNDABILITY OF FEES:** If you decide not to enter into this plan within three business days of receiving this disclosure and the home equity brochure, you are entitled to a refund of any fee you may have already paid.

**TAX DEDUCTIBILITY:** You should consult a tax advisor regarding the deductibility of interest and charges for the plan.

**HISTORICAL EXAMPLE:** The following tables shows how the annual percentage rate and the minimum payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from the last business day of January of each year. While only one payment per year is shown, payments may have varied during each year.

The table assumes that no additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.
